### Taxi Tips

- Licensed taxi vehicles are labeled with: a taxi placard or dome light on the roof, license plates that indicate Taxi status, On Duty/Off Duty sign in the window of the vehicle and a sign, usually on the fender, indicating passenger capacity. The drivers' personal identification/taxi license should be on the vehicles dash-board.
- There are drivers that run "gypsy taxis" in their personal vehicles. They do not adhere to the rules of the taxi commission and are use at your own risk. They often hustle outside bars and grocery stores.
- Although rates are standardized it is recommended that you speak to the driver and agree to your total rate (for you, your group, your luggage, waiting, tour) before boarding the taxi.
- Many taxis are multi-destination and some can carry up to 26 passengers. At the airport in particular, drivers will often wait to fill their vehicle before departing. This can cause a major delay in your arrival time to the marina, which should only be a 20-30 minute taxi ride.

## **Car Rental Services**

**Paradise Rental Car – (340) 643-2692** – [www.pdiseinc.com](http://www.pdiseinc.com)

**Discount Car Rental – (340) 776-4858** [www.discountcar.vi](http://www.discountcar.vi)

Renting a car instead of hiring a taxi can actually be quite the savings, especially if you plan to do your own provisioning. You can leave the car at the marina and the car rental company will pick it up. These are the only car rental companies/services on island with our recommendation.
